Security Bond Collected: Yes / No

Bond Amount:

Payment Method:

Customer Acknowledgement and Agreement

I confirm that I am responsible for all equipment hired under my name. I understand and agree to follow the Arcade Laser Tag Hire Instructions. Equipment must be returned clean, dry, and in full working order. I accept liability for loss, theft, water damage, misuse, or negligent handling. Any damaged or missing equipment may result in bond retention or additional charges. Refunds will be processed only once all equipment has been returned and checked.

PART B – ARCADE LASER TAG HIRE INSTRUCTIONS (Customer Copy)

1. Do not turn the tagger off while in start up phase. Please wait for start up noise to finish before turning off the tagger.
2. Game mode is 5 lives or 12 minutes, whichever ends first. Gun colours are not important. This is a free for all format.
3. Scopes are turned on and off by twisting the big dial on top. Do not twist the small dials. Handle taggers carefully to avoid knocking the scope.
4. Aim for the bobbles on the tagger. Play fair and do not cover the bobbles with your hand.
5. Allow one metre between players to help avoid collisions and potential harm.

Operation

Trigger allows the player to shoot. Taggers are set to fully automatic.

Red button reloads and takes two seconds.

Black button shows player stats during the game.

Key switch turns the tagger on and off.

Do not press any buttons while turning the tagger on or off. This may enter configuration or factory reset mode.

If this occurs call Tom 0277533997 or Nick 021851110.

Do not turn the tagger off during start up.

Important Notes

Keep taggers dry at all times.

Water damage is not covered.

Play safely and respect other players and equipment.

For questions during hire contact Nick Fowler 021851110.

PART C – EQUIPMENT RETURN FORM (Staff Completion) (Pro Karts Copy) (KEEP THIS)
